

Cassette L pebbles

Optimyst® | 230V/50Hz | 400 Watt

The Cassette L Pebbles is part of the Dimplex Cassette range, known for its unique, free floating flame and smoke effect, but now supplied with a decoration of white pebble stones. Easy to install in bespoke interior projects, only a normal electric socket is required. The flames are made of cold water vapour and light, which is safe, fume free and has a hugely decorative effect over the stones. Its water reservoir can be refilled from the front, which is very practical for frequent use.

- Suitable for installation projects and designed to fit into a custom-made frame or fireplace
- Easy-fill water tank, offers around 8-10 hours of continuous operation before refilling is required
- The water tank is very easy accessible through a drawer in the front
- View of the fire from 4 sides
- Decorated with white pebbles (included)

Viewing configurations

All-round view.

Flame Effect

Surprising by the floating flame and smoke effect and variable flame intensity.

All-season flames

Enjoy the unique charm of a fireplace 365 days a year using the flames without the heat.

Flame technology

Optimyst® flame technology, flame patterns by cold water vapour.

Multi-function Remote

Control all functions of the fireplace from the comfort of your chair.

Installation

Very suitable for installation.

Cassette L pebbles

Unit dimensions

All dimensions are in mm

All cassettes must have adequate ventilation for an optimal fire experience.
For advice, read the manuals or visit the website www.dimplexfires.com
