

# SP16

Optiflame® | 230V/50Hz | 2000 Watt

The SP16 wall fire is nearly a meter wide, to create a big impression. With flames rising above a very realistically glowing log fuel bed, within a black surround. In addition, it features a cosy and efficient electric heater and a handy remote control. A great wall fire to install in or at any wall you'd prefer.

- Sleek and contemporary design with a black finish
- A big statement piece in your home
- Can be wall mounted and the chassis can also be inset
- Log glowing effect for lit or pulsating logs

#### Viewing configurations

One-sided decorative fireplace.

#### Flame Effect

Flames rising over a highly realistic glowing fire bed.

#### All-season flames

Enjoy the unique charm of a fireplace 365 days a year using the flames without the heat.

#### Flame technology

Optiflame® technology, soothing flames with a lit glow bed.

#### LED Lighting

Flames and lamps use energy-efficient LEDs that require no maintenance and can burn separately.

#### Heating

Powerful fan-assisted heating by safe element that provides additional heating on demand.

#### Multi-function Remote

Control all functions of the fireplace from the comfort of your chair.

#### Touch Control

Fireplace can also be operated via button display on the fireplace.

#### Timer

Adjustable up to 8 hours.

#### Installation

Suspended mounting but also suitable for built-in.
