Multi-colour!

Built In

The 3 Step Multi Optimyst frameless fireplace offers multiple installation options to perfectly match your interior design and layout. With three layout options and fire created by patented Optimyst cold water vapour and multicolour LED lighting, it can provide a stunning fire view from different angles. It's safe to use, emitting no gas or ashes, and easy to control and personalise using its remote or app. You can enjoy the flame effect all year round, with the option to activate the heating function and crackling fire sound for added cosiness. It comes equipped with a drawer to easily refill water, for a complete stress-free experience.

- Frameless insert fireplace with three-sided fire view
- Can also be installed as one-sided or two-sided
- Flame effect with optional heating function for year-round enjoyment
