## AUTOMATIC ETHANOL FIREPLACE

*Net Zero fireplace with the BEV Technology®*

### AUTOMATIC BEV® BURNER

The automatic burner with patented BEV Technology® ensures a clean burning process without smoke, smell, or ash. The flame is produced by combusting ethanol vapours with no direct contact with the fuel.

### FLAME CONTROL

Have control over the fire. Choose ECO mode for smaller, ambient flame or increase the height to experience the full beauty of fire.

### SINTERED CERAMIC BOX

The fireplace is enclosed with Dekton textured panels by Cosentino. This durable, scratch-resistant surface has an elegant matte finish, making it a striking addition to any space.

### GLASS ENCLOSED

Experience the perfect blend of elegance and efficiency with our modern closed fireplace featuring tempered glass, offering unparalleled heat retention and safety for your home.

### REMOTE CONTROL

Take full control over the fireplace with the intuitive and minimalistic remote in your hand.

### EASY REFILLING SYSTEM

The system automatically supplies the fireplace with the necessary amount of fuel. When the tank is empty, all you have to do is insert a new one.

All product specifications and data are subject to change without notice and are believed to be accurate as of the date hereof. Planika Sp. z o.o., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Planika Sp. z o.o."), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any document or in any other disclosure relating to any product. To the maximum extent permitted by applicable law, Planika Sp. z o.o. disclaims any and all liability arising out of the application or use of any product.
